

OLD-TIME REMEDY
MAKES PURE BLOOD

Hood's Sarsaparilla has been and still is the people's medicine because of its reliable character and its successful success in purifying, enriching and revitalizing the blood and relieving the common diseases and ailments—eczema, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling, general debility.

Hood's Sarsaparilla purifies and enriches the blood, and in so doing renders the human system the greatest strength possible. This medicine has been tested for years. It is perfectly pure, clean and absolutely safe. It is peculiar and unequalled medicinal drug.

Get Hood's, and get it now, from any drug store.—(Advt.)

ECZEMA ON FACE

Cured With Saxo Salve
Prof. Albers School of Music, New York City.—"Since last September my face and head have been covered with pimples and crusting eczema. So-called specialists, doctors and advertised skin remedies failed to help me. By the use of Saxo Salve my face is now clear and smooth and I feel it my duty to tell others who suffer as I did."—Prof. HENRY ALBERS.

If we can't cure your skin trouble with our Saxo Salve and Saxo Soap we will buy back the empty tube.

LADIES! LOOK YOUNG,
DARKEN GRAY HAIR

Use the Old-Time Sage Tea
and Sulphur and Nobody
Will Know

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Youth has charm. It makes you more the face. When faces turn gray and looks dry, withered and sagging, a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wet's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one strand at a time. By morning the gray hair disappears, and the hair is restored to its natural color in regular use. It becomes soft, glossy and you again appear young.

under the impression that they have been strongly checked. Our losses in the severity of the fighting and, second, by a partial lull in the air activity which was shut in the quiet and they doubtless were taken prisoners by the enemy. During the first part of this attack our counter attacks resulted in bringing again into our possession all of the territory in dispute.

In the sector of Rheims and from Rheims to the Argonne, there was an artillery duel in which our heavy artillery mastered the batteries of the enemy. As was set forth in our announcement of last night, three attacks in the Argonne, at Fontaine, Madame, de la, at 6 a. m., 10 a. m., and 1 p. m., were completely repulsed. The enemy was driven back at Parrey and at Bure.

IN THE VOEGES IN VOEGES.
We made progress also in Alsace. In the region of Amerswiller and Burschwiller the enemy was driven back and was retained. Near Oermay the attack of a German battalion was repulsed.

Judging from the number of dead found on the field of battle on January 25, 26 and 27 to the east of Ypres, at La Bassée, at Craonne, in the Argonne, in the Voeges and in the Vosges, the losses of the enemy during these three days would appear to be greater than twenty thousand men.

Berlin Claims Victory at
Craonne and in Alsace

(By Associated Press.)

BERLIN, Jan. 28.—Germany for German troops in two important engagements in the Vosges and in the Argonne in an official communication from the war office. Near Craonne another section of the allied front was captured, the report states, and in upper Alsace the French were driven back in order after suffering heavy losses in the attack on the German positions. In the Vosges the French were driven back in order after suffering heavy losses in the attack on the German positions.

"Western theater of war: The villages in the heights of Craonne another 500 meters of trenches captured on the east of the position we captured on the day before yesterday. French attacks were repulsed. The enemy suffered heavy losses in the battle over the hills and the 25th of January.

SENATOR WALSH OPPOSES
TRANSFER OF THE DACIA
Case Against Britons Have No
Buying Interests Ship

(By Associated Press.)

WASHINGTON, Jan. 28.—For the first time in the two weeks the ship bill has been under a continuous Republican attack in the senate, the administration's defense of the measure was brought forward in a speech today by Senator Walsh, who replied to Senator Rogers' contention that its enactment would lead the United States into foreign competition.

CHITING RULES OF THE BRITISH ADMIRALTY, the declaration of London, decisions of the Privy council, the United States supreme court and state papers of a century ago were brought into the debate of the United States to purchase ships of the belligerents was unquestioned so long as the transaction rested in absolute good faith; that Great Britain had maintained its credit for more than a century; and that France for the same length of time had acquiesced in the principle.

He declared that had Senator Rogers' case been made out, the result would have been accounted impossible.

The case of the ship Dacia, he said, would establish that Great Britain was bound by her action on the question of naval transfers in war time which had been maintained for more than a century and that such an action would place that position for an equal length of time.

"Assuming the transfer of the Dacia to be bona fide," Senator Walsh declared, "the United States would not be subject to seizure."

alide by the verdict, but not until it has been rejected by the platform. The speaker spoke out upon this policy and the people will be able to judge the matter is too fundamental to be settled otherwise.

I have no pride of opinion on this question. I am not foolish enough to profess to know the exact number of Americans better than the body of their chosen representatives know them. I have no instruction directed from those whose fortunes, with ours and all men's, are bound up in the success of the measure.

Other business in the house was suspended while the president's veto message was read. It evoked applause on the Democratic side and from some Republicans.

"At the proper time," said Representative Burnett, "I shall move a reconsideration of the veto. It evoked applause on the Democratic side and from some Republicans."

The message was referred to the immigration committee, from which Chairman Rogers is expected to report to the house one week from today. The veto will be taken up by the senate until it has been acted on by the house.

was the first of four vessels of her class built during 1908 and 1909. Her name, the Mainz, was given to her in honor of the city of Mainz, Germany, where she was built.

The Mainz was sunk in the battle off Heligoland, late in August, and a boat of the Mainz was reported to have sunk to the bottom in the same fight. It was the only ship of the Mainz class to be sunk.

The cruiser was armed with twelve 11-inch guns, four 6-inch guns, four 4-inch guns and two torpedo tubes. Her top speed was 24 knots.

Berlin Says Russians
Were Defeated by Turks
(By Associated Press.)

BERLIN, Jan. 28.—A statement issued today by the Turkish army headquarters at Constantinople announced that the Ottoman troops in a new offensive movement in the Caucasus have defeated the Russian army near Olti, fifty-five miles west of Kars. The Russians, according to the Turkish statement, lost considerable war material.

Russians Admit Turks Are
On Offensive in Caucasus
(By Associated Press.)

PETROGRAD, Jan. 28.—The general staff of the Russian army of the Caucasus gives out the following announcement concerning the progress of the fighting in that country:

"On the morning of January 26 Turkish forces in the vicinity of Sultan Salim, in the Tchor country, delivered a series of vigorous attacks on our positions, all of which were repulsed. In the vicinity of Olti, fifty-five miles west of Kars, the Turks, following their custom of recent days of taking the offensive, sent forward an enveloping column. This column was, however, broken back by us and the Turks sustained heavy losses."

"In Azerbaijan, Persia, the activity of the enemy is increasing. It has been noticed particularly that numerous bands of Kurds supported by regular Turkish troops, have undertaken offensive operations in the district of Khol, but they everywhere have been repulsed."

"Along the other Caucasian fronts on January 25 the military activity was limited to small-scale operations."

Bavarians Reinforce Army
of Hungary in Carpathians
(By Associated Press.)

PETROGRAD, Jan. 28.—The battalions in Galicia appear to be developing on a broader scale along the Carpathians, for the distance of a hundred miles. Both sides appear to attach great importance to the outcome. The Hungarians, it is said, have been concentrating in the Carpathian passes since December, awaiting the arrival of Bavarian reinforcements.

tant. Judge Hill overruled the objection and admitted it. The transcript was read by Assistant Solicitor Stephens, which consumed upwards of an hour.

RAGSDALE FIRST WITNESS.
When the solicitor finished tendering his documentary evidence the taking of the witness stand by Judge Hill was the first witness called by the state. He took the stand at 11:20 o'clock, and was on the stand for an hour. Sumner said his testimony was as follows:

He identified the affidavit which had been tendered by Solicitor Dorsey, acknowledged the signature as his, and swore the entire contents of the affidavit were false. The only truth in the conversation of no negroes as related by him in the affidavit was that he heard two negroes discussing the Frank case.

One asked the other who killed the girl. The other said he had no idea. He identified the signature as his, and swore the entire contents of the affidavit were false. BANKRUPTCY PETITION
AGAINST WORD BROS.

(By Associated Press.)

An involuntary petition was filed Thursday by the Atlanta Trust and Telephone company, the Cobb Cigar company and W. W. Lowe, creditors, against Word Brothers—A. H. W. R. and T. M. Word. The claims against Word Brothers aggregate something over \$1,000.

Voluntary petitions were filed by William Thompson Burr, doing business as the Arcade, an Oxford merchant, who showed liabilities of \$7,893, with assets of \$4,748; W. M. Adams, a Palmerton merchant and farmer, liabilities \$5,468, assets \$6,844; and George C. Sikes, a Buford merchant, liabilities \$385, and assets \$695.

Two More Crackers Sign Contracts: Auburn Plays Club Five Saturday

DIANA DILLPICKLES IN

(HER BEAU WITH MUCH TO LEARN)

A 4-REEL "SCREECHER" FILM

Pitcher Cook Barks on Coming South to Play

Hurler Promised Billy Smith by Branch Rickey Puts Up Old-Time Excuse—Williams and Pearson Sign Up—Two More Games Booked

The first whine of that timorous glint among ball players that they don't want to come south has been out among Cracker ranks for the 1915 season. Pitcher Cook, who was to have been turned over to the locals by the St. Louis Browns in the top of the year, has been the subject of much talk to such an extent that he refuses to play in the south.

However, along with the news that Cook preferred to pasture in other sections next season, came the more cheering news from Pitcher Williams that he was very well satisfied with the terms offered him and that he was according to signing and sending in his contract. Williams worked for the Albany club last season and Frank Mansel is willing to stake the family about that the St. Louis Browns will be giving him a new uniform and drawing his monthly check from the coffers of the local association.

Pitcher I. O. Pearson, who was drafted from Jacksonville, has also seen his contract. Pearson hung up a very good record with the Jacksonville club, and is counted on for a big season for the locals next season. He holds from the Browns, and is a younger player in the game. The signing of Williams and Pearson brings the total of players signed to thirty-three. Cook has declined to play here, only thirteen remain to be hooked up to contracts.

Manager Smith and his proteges may be on the verge of having to move out of their quarters for their early bedtime in the event weather conditions prove such that work on the park cannot be finished in time to put the field in playing shape when the players are called together. But even if they are, they will have to send any petition requesting over the top of the clubhouse. Several days ago, Washington and Barneveld offered the use of their clubhouse for Cracker training camp. Come Albany, Columbus and two or three others, who are willing and anxious to have the locals train on their fields. With a possible change of heart, even, no deal has been closed.

Manager Smith has announced two more spring games for the locals. The list published several days ago. These will be played with the Boston Braves in March and the Philadelphia Athletics in April. The Braves are booked for later dates here, but these are the only ones scheduled for March.

Whitted Turns Phillies Down

PHILADELPHIA, N. C., Jan. 28.—The mission of Manager Pat Moran, of the Philadelphia National league ball club, who arrived in this city Wednesday for a conference with George Whitted, failed of its purpose. Whitted, who was announced last night that he and Moran had been unable to agree on terms for a transfer of the veteran from Boston club to Philadelphia, Whitted stated today that he and Moran were unable to reach an agreement on the salary proposition. Who is an athlete, and who is a manager, is understood here. The dicker was made with the consent of Manager Stallings of the Boston club. The latter had agreed to send the Carolina club to Philadelphia, provided Moran would meet his salary demands. Moran is trying to line up players to be transferred to his club. The manager of the Boston club, who goes to Boston, Stallings is said to have nominated several players from his club for a transfer, provided the Philadelphia club can satisfy them on salary demands.

Ministers Oppose Smith-Flynn Match

CINCINNATI, Jan. 28.—Governor Miller was formally requested today to prevent the "Gumboot" Smith-Flynn bout at a letter from the Methodist ministers in a letter drawn up by the Cincinnati Methodist Ministers' association. The letter to the governor states that it is the belief of the ministers that the fight is a disgrace to the state and the dignity of the state of Ohio will be best served by executive interference.

Heilman Released

DETROIT, Mich., Jan. 28.—Harry Heilman, substitute first baseman and pitcher of the Detroit Tigers, was released Wednesday to San Francisco.

Boys' Hi Wins Over Tech Hi

Purple and White Leads Triumph by Score of 33 to 29 in Hard Game—Now Second in Race

By the close count of 33 to 29, Boys' Hi basketball team triumphed over Tech Hi on the latter's court Thursday afternoon, before one of the largest and most enthusiastic crowds that has ever turned out for a local pro basketball game.

The game through both halves was a pretty smart took the lead and held it until the end. The first side would hold the lead at the end of the first period, the long end of the count and then the count stood 15 to 12 with the Junior Smithies holding the 1 point margin.

During the second half, first one then the other led until Boys' Hi was in the lead at the end of the third period. The work of Alfred Scott was best for the winners. Len Adams and J. Culhoun also played a nice game for Boys' Hi. Tech Hi's stars were C. J. Harlan. Harlan did the most effective scoring work, making 18 points during the game.

The Peacock quieted Thursday afternoon, 62 to 23 and in still leading the league with a perfect percentage. Cook played a fairly good game, but the work of the Ivy street lads was too much for them.

Ottawas Meet First Defeat

The third round in the "Redskins" basketball league at Young Men's Christian association was played off last night, and when the smoke of battle had cleared away it was discovered that the Whitehooses had come through with a perfect percentage, having won in the possession of a clear record of three games won and none lost.

The Mohawks fattened their average at the close of the apaches, by pulling up to a tie with the Cherokeses and the latter, who were leading the league, the Whitehooses disposed of them by a score of 20 to 10. Handling the latter their first defeat. The winners led by a count of 10 to 3 at the end of the first half, and were never headed. Slate, at center, proved himself a point man with a total of 12 points.

At an average charge of \$4 a day for 400 men for ninety days, the total would be \$144,000 for hotels alone. With three jugs a year, half a year, the average annual revenue in the major leagues today is about \$80,000 for each club. There are sixteen clubs under O. B.'s standard, bringing up the total salary list up to \$1,280,000. Each club in the O. B. circuit carries about twenty-five men, totalling something like 400 ball players, who therefore average \$2,000 each season.

Against this we have annual receipts, which is an even more extended guess. Last season in the two big leagues there were 2,500 games played—1,250 in the National and 1,250 in the American.

Granting that the average daily attendance was about 3,000, the total paid attendance would be in the neighborhood of \$7,500,000 for the year. At an average charge of 50 cents per fan, this would leave the total gate receipts around \$3,750,000. Out of this, in addition to the salaries of \$1,280,000, the owners had to pay the traveling expenses and hotel bills for 400 men for three of the six playing months, the amount of time spent by each club on the road.

Auburn Next on "Gunner" Smith Club Schedule Beats Levinsky

Having won a decision over one Alabama entry, while they were in strong Birmingham Athletic club team in Birmingham on Saturday night of last week, the Athletics club will next tackle another proposition from the western state next Saturday night.

When they take on Mike Donahue's team in Birmingham, the Athletics will be in the midst of a very close season. Hence a good victory struggle is anticipated when the two teams meet this time.

In addition to the basketball game, another feature will be offered Saturday night. This added attraction is in the nature of a boxing match between Mike Donahue and a local boxer, who is expected to be a very close season. Hence a good victory struggle is anticipated when the two teams meet this time.
